## CARATTERISTICHE TECNICHE

# COLORSOL

Legno

Colorante

I coloranti Colorsol sono una selezione di coloranti solvent in polvere da noi individuati per offrire soluzioni ad alta trasparenza con un'ottima resistenza alla luce per vernici ed inchiostri.

**APPLICAZIONE** / Potete utilizzare i coloranti della serie Colorsol per numerose applicazioni, dalla colorazione del legno insieme a resine poliuretaniche, nitro cellulosiche e acriliche, fino alla rifinitura del cuoio.

Siamo a vostra disposizione per valutare insieme la compatibilità con le vostre esigenze applicative.

CODICE	COLOR INDEX	RES. LUCE
SD 021	SOLVENT ORANGE 62	6/7
