# PFWL

## TECHNICAL FEATURES

Leather

Pigment

Water

Covering

### Exceptional gloss // Good light fastness // Easy and reliability application

**DESCRIPTION** / PFWL are water-based fluorescent pastes.

**USE** / The products of PFWL series have been studied for fluorescent effects of strong impact. The PFWL series is used in combination with resinous compact both on full grain leathers or bufed leathers after a resinous white cover.

**MISCIBILITY** / They are compatible with polyurethane, acrylic and case water-based resins.

The products of PFWL series are miscible with each other in any ratio to allow you to independently create new customized solutions.

**SPRAY OR ROLLER APPLICATION** / PFWL can be applied both by spraying and by roller coating in a mixture 1: 4.

**Application example:**

- 100 pigment PFWL
- 400 compact resin
- water depending on the application
